

## Seasons Greetings

With the Holiday Season upon us, we find ourselves reflecting on the past year and on those who have helped to shape our business in a most significant way. We value our relationship with you and look forward to working with you in the years to come. We promise to continue to be innovators and are dedicated to being a leader in architectural and specialty lighting products delivering the best quality products and services in the years to come. We wish you a very happy Holiday Season and a New Year filled with peace and prosperity.

**As a special thank you, we are offering 10% off.**

Any orders placed on our LED Downlights over \$2,000 will be given 10% off, just reference promo code "**christmas.**"

## New and Improved Products

### Thin-Line Series Down Lights

To add to our already impressive Thin-Line family of 3",4",6",8",10" and 12" variations, we have bolstered our selection with our brand-new square recessed 4" and 6" fixtures featuring a round mounting base for easy installation. Also, recently released are our new square and round surface recessed fixtures, available in 6",8",10" and 12", 3000K or 4000K and a multitude of finishes. These downlights feature edge lit technology to eliminate hot spots and are cETLus listed for wet locations, eliminating the need for 2 separate fixtures. These fixtures

are Energy Star approved and have a 5 year warranty.

## Feature Projects & Applications

### Rusty's at Blue, Blue Mountain – eSTRIP

The owners of Rusty's at Blue wanted a new unique look while respecting a reasonable budget. Magic Lite selected eSTRIP for a product that would produce the WOW effect, yet respect their budget and with an ease of installation.

The results are quite impressive!

**eSTRIP** is made with ultra-bright LED's encased in a durable PVC flexible extrusion providing a clean neon look at a fraction of the price and 1/10 of the energy consumption.

eSTRIP is ETL approved and is fully field cuttable making it very simple to install available in red, blue, green, amber, warm white, white and RGB!
